1. INTRODUCTION

The purpose of this guide is to provide taxpayers with a clear and concise overview of the main taxes, tariffs, duties, royalties, fees, etc. currently applicable in Sierra Leone.

This guide has been compiled by staff of the National Revenue Authority (NRA), the institution with responsibility for assessing and collecting domestic taxes, customs duties and other revenues specified by law.

This booklet is for use by our clients and staff, and it is intended as a guide only and not as a comprehensive summary of Sierra Leonean tax laws and practice.

NOTE:

ALL COMPUTATIONS AND FIGURES IN DOMESTIC CURRENCY ARE REPORTED IN THE OLD LEONE. THEREFORE, CONVERSIONS IN THE NEW LEONE SHOULD BE DIVIDED BY 1,000.

The various tax laws (including amendments introduced in the annual Finance Acts) are noted in each section of this guide for further reference.

We hope that you find this guide useful in helping you fulfill your tax obligations. Together, we will be able to raise and invest the resources needed to further our country's development in the interests of us all.

2. DOMESTIC TAXES

2.1 TAXES ON INCOME

A. Residence, Tax Year and Income Sources.

Income tax is levied in each year on the total income of both resident and non-resident persons in Sierra Leone.

In general, resident persons are taxed on their worldwide income while non-resident persons are taxed on income which has a source in Sierra Leone. Income has a source in Sierra Leone if it accrues in or is derived from activities in Sierra Leone irrespective of where the contract is awarded or signed.

Resident Individuals

An individual is generally resident for tax purposes in Sierra Leone if that individual is:

- ◆ Present in Sierra Leone for an aggregate period of 182 days or more in any 12-month period that commences or ends during the year;
- ◆ A citizen, including one who is temporarily absent from Sierra Leone or has a permanent home outside Sierra Leone; or
- ◆ An employee of the Government of Sierra Leone posted abroad.
- ◆ A Sierra Leonean permanent establishment is treated as a resident company for the purposes of income taxation.

Temporarily Resident Individuals

An individual who otherwise would be treated as a resident shall instead be

treated as 'temporarily resident' in Sierra Leone for the entire year of assessment if that individual:

- ◆ Is not a citizen of or domiciled in Sierra Leone.
- ◆ Does not intend, during the year of assessment, to reside in Sierra Leone for a total period of more than four years, and
- ◆ As of the end of the year, has not been resident in Sierra Leone for more than four years.

A partnership is resident for a year if any of the partners resided in Sierra Leone at any time during that year.

A company is resident if it is incorporated under the Companies Act 2009 or its management and control is exercised in Sierra Leone at any time during the year.

Persons not meeting the above criteria are considered to be non-resident persons.

Income Tax Year

The income tax year of assessment is 1 January to 31 December. A taxpayer may choose a different ('substituted') year of assessment upon approval of the Commissioner-General.

Sources of Income

The chargeable income of a person for any calendar year is the total of that person's income for the year derived from activities in Sierra Leone from each business, employment, and investment less the total amount of deductions allowed to that person.

A percentage of turn-over maybe used to ascertain chargeable income of a taxpayer (15% and 20% of turnover as the case maybe), if only incomplete records or no records are used by the taxpayer respectively for any year of assessment. This is known as Minimum Chargeable Income(MCI) basis of assessment.

B. Pay-As-You-Earn (PAYE)

The Income Tax Act of 2000 as amended taxes basic salary and all fringe benefits whether in cash or kind as employment income with the exception of one-month

basic salary as leave allowance. Fringe benefits include the provision of a motor vehicle, housing, meals, chauffeur/driver, and domestic staff, etc. to top executive officers of an organization.

The table below indicates the income tax bands and rates generally applicable to the chargeable income of resident individuals.

The chargeable income of non-resident individuals is generally taxed at a flat rate of 25%.

Annual and Monthly tax rates

The table below indicates the income tax bands and rates generally applicable to the chargeable income of resident individuals shown here calculated on either an annual or monthly basis:

Year	Chargeable Income (Le)	Chargeable Income (Le)	Rate
2021	Per annum (Le)	Monthly (Le)	%
Not Over	7,200,000	600,000	Nil
Next	7,200,000	600,000	15
Next	7,200,000	600,000	20
Next	7,200,000	600,000	25
Excess Over	28,800,000	2,400,000	30

Note: Further, for individuals receiving employment income, there is a threshold on non-taxable allowance of Le 6,000,000 per year or Le 500,000 per month. For employees receiving leave allowance more than their gross monthly salary, the excess shall be subject to income tax at 30% or the higher marginal band in which that employee falls.

Box 1: Example of PAYE Computation

Mr. X is an employee of BZ Ltd, his emoluments for the month of January 2021 are shown below:

	Basic Salary	5,652,000.00
	Cost of living allowances	1,695,600.00
	Subsistence allowances	1,243,440.00
	Entertainment allowances	678,240.00
	Transport Allowances	847,800.00
	Housing allowance	1,413,000.00
	Clothing allowance	1,130,400.00
	Tips	500,000.00
	Achievement Award	1,500,000.00
	Bonus	5,652,000.00
	Overtime	450,000.00
	Leave Allowance	11,277,000.00

Computation

Step 1	Account for NASSIT (where applicable):	
		Le
	Basic Salary	5,652,000.00
	Less: NASSIT @ 5%	(282,600.00)
	Net Basic Salary	5,369,400.00
Step 2	Consolidate all allowances:	
	Cost of living allowances	1,695,600.00
	Subsistence allowances	1,243,440.00
	Entertainment allowances	678,240.00
	Transport Allowances	847,800.00
	Housing allowance	1,413,000.00
	Clothing allowance	1,130,400.00
	Total Consolidated Allowances	7,008,480.00
Step 3	Adjust for Non-Taxable Allowance:	
		Le
	Total Consolidated Allowances	7,008,480.00
	Less: Non-Taxable Allowance Threshold	(500,000.00)
	Taxable Allowance	6,508,480.00

Step 4	Aggregate all income to get chargeable income			
	Income Type		Le	
	Net Basic Salary		5,369,400.00	
	Taxable Allowance		6,508,480.00	
	Tips		500,000.00	
	Achievement Award		1,500,000.00	
	Bonus		5,652,000.00	
	Overtime		450,000.00	
	Leave Allowance in excess of basic salary*		5,625,000.00	
	Chargeable Income		25,604,880.00	
Step 5	Tax Computation			
Chargeable Income	25,604,880.00			
Next	600,000.00		-	-
	25,004,880.00			
Next	600,000.00		0.15	90,000.00
	24,404,880.00			
Next	600,000.00		0.20	120,000.00
	23,804,880.00			
Next	600,000.00		0.25	150,000.00
Exceeding 2,400,000	23,204,880.00		0.30	6,961,464.00
PAYE Due				7,321,464

Assume Mr. X has the under mentioned additional benefit from his employment which total 2,780,000.00.

* Only the amount of leave allowance in excess of basic salary attracts PAYE. Here, this is 11,277,000—5,652,000=5,625,000. This does not form part of regular PAYE Computation but in the month in which the leave allowance is paid.

Benefits-in-Kind (BIK)	
Motor Vehicle - Domestic	550,000.00
Utilities	300,000.00
Accommodation	1,100,000.00
Domestic Servants	230,000.00
Others	600,000.00
Total BIK	2,780,000.00
Tax Charged	834,000.00

Note: The highest marginal band of the taxpayer should be applied to the Total BIK. Since the highest marginal band of Mr. X's PAYE is 30%, then the tax rate on his BIK is (30% *

Social Security Scheme

In addition to income taxes, Sierra Leone has a contributory social security scheme. The total minimum contribution is 15% of basic salary. The employee contributes 5% of his/her basic salary while the employer contributes 10% of the employee's basic salary. The amount is remit-ted to the National Social Security and Insurance Trust (NASSIT).

The amount contributed by the employee is granted as an allowable deduction before personal income tax computation.

Due Date for Payments

Monthly: against 15th day of the month following the payment of staff salary.

Penalty for Default

⇒ 10% if paid within 30 days from the due date.

⇒ 15% if paid after 30 days and up to 90 days from the due date.

⇒ 25% if paid after 90 days from the due date.

Filing of PAYE Returns

The employer is required to file a monthly PAYE return (in spreadsheet format) on or before the 15th of the month following the payment of staff emoluments.

A PAYE taxpayer or a taxable person may file an annual return of income tax 120 days (4 months) after the end of a previous year of assessment and pay any taxes underpaid during the year of assessment or similarly claim refund or rebate of excess income tax paid as provided for under section 115 of the Income Tax Act, 2000 as amended.

Penalty for Late Filing

The following penalties shall apply to a late filer of an annual tax return who files after the due date without good course.

(a) large taxpayer -Le50,000,000

(b) medium taxpayer -Le25,000,000

(c) small taxpayer-Le2,500,000

The following penalties shall apply to a late filer of a monthly tax return who files after the due date

(a) large taxpayer -Le10,000,000

(b) medium taxpayer-Le5,000,000

(c) small taxpayer-Le1,000,000

A taxpayer who without good course fails to file an income tax return and any other return required by this Act within the

stipulated period shall be liable to the following penalties.

a) large taxpayer -Le100,000,000

(b) medium taxpayer-Le50,000,000

(c) small taxpayer-Le5,000,000

Note: A taxpayer who without

reasonable excuse files an income tax return incorrectly stating his chargeable income, shall be liable to a penalty of twenty five percent of the difference between the amount of tax payable for the year of assessment and the amount that would have been payable if the tax payable had been calculated by reference to the incorrect return.

C. Taxpayer Segmentation (Large, Medium, Small, Micro)

There are four categories of business tax- payers based on turnover. The current thresholds are set out in the Income Tax Act, 2000, as amended by section 6 of the Finance Act, 2022:

Large taxpayers: large taxpayer means a taxpayer with an annual turnover of above Le 5,000,000,000 and/or other additional requirements as may be prescribed by the Commissioner-General

Medium taxpayers:

medium taxpayer" means a taxpayer with an annual turnover of an amount above Le100,000,000.00 and up to Le 5,000,000,000.00

Both large and medium taxpayers are governed by the normal tax regime described elsewhere in this document. The NRA has a separate Large Taxpayers Office and a Medium Taxpayers Office to serve these taxpayers respectively.

As per Section 45 of the Finance Act 2021, any medium enterprise established between 1 January 2021

and 31 December 2023 are eligible for a tax relief on the income derived in the first one

year of business operations.

Small taxpayers: small taxpayer means: a taxpayer with an annual turnover above Le 10,000,000.00 and an amount up to Le100,000,000.00.

Small taxpayers (other than those incorporated as companies or defined as professional service providers under section 20 of the Finance Act 2020) may choose to pay taxes under the Small Taxpayer Regime described below or under the normal tax regime. The NRA has a Small Taxpayers Office (with three sub-offices in Freetown) to serve these taxpayers.

As per Section 45 of the Finance Act 2021,

NOTE: Taxpayers that are engaged in the extraction of minerals and other natural resources from land sea or air are classified under the Extractive Industry Revenue Unit (EIRU) irrespective of their turnover limit.

D. Small Taxpayer Regime

A Small Taxpayer is an individual whose turnover is above 10,000,000.00 and up to Le 100,000,000/00.

The income tax payable for small taxpayers who choose to be taxed under the Small and Micro Taxpayer Regime is 3% on annual turnover (see section 25 of the Finance Act, 2021).

Where the taxpayer is a transport service provider or engaged in alluvial gold, diamond and sand-based exporting or dealing in mining

any small enterprise established between 1 January 2021 and 31 December 2023 shall be eligible to a tax relief on the income derived in the first one year of business operations.

Micro taxpayers: means a taxpayer with an annual turnover less than Le10,000,000.00.

Micro taxpayers are exempt from income tax (as a result of section 6 of the Finance Act, 2020).

activities, the tax payable is the higher between:

The 3% tax on turnover or

Upon application in writing by a taxpayer who files tax returns by the due date, the Commissioner General may extend the period within which the return of income is to be made by a maximum period of sixty days upon payment of the following fees–

(a) large taxpayer -Le20,000,000.

(b) medium taxpayer -Le10,000,000; and

(c) small taxpayer -Le1,000,000

Providers of Transport Service	Income Tax Payable in Leones
Trucks, tankers, large tippers, or trailers	Le1,000,000
Buses, mini-buses, delivery vans or small tippers	Le500,000
Taxis, mini-taxis, or motorbikes	Le200,000

NOTE: Taxpayers engaged in alluvial mining and other extractive activities in a small scale are managed in the Extractive Industry Revenue Unit, under a presumptive tax regime (see table below)

E. Company/Corporate Income Tax (CIT)

Corporation tax is a form of income tax that is levied on corporate bodies such as limited liability companies, trusts and co-operatives.

Resident companies and non-resident companies that meet the requirements of a permanent establishment are taxable at a rate of 25% on their taxable income. Corporate Income Tax is paid in installments by both private and public companies that declare taxable profits in a year of assessment. The installments are spread quarterly at 25% of the total tax due or by simply dividing into four (4) equal

installments and payable on or before the 15th of the 3rd, 6th, 9th, and 12th months of the year of assessments which may coincide with the tax year (January to December) or be a substituted year of assessment.

As per Section 8 of the Finance Act 2021, corporate income tax for manufacturing entities or factories whose management and functional activities are exclusively set up outside the Western Area is 15%.

F. Capital Allowances

Capital allowances are granted to persons who own depreciable assets and use those assets to produce income from business.

Group	Assets included	Rate
1	Plant, machinery, and equipment, including automobiles and trucks	40%
2	All other tangible depreciable assets except buildings & intangible depreciable assets	10%
3	Buildings used to house industrial, manufacturing, or agricultural activities	15%
4	Buildings used to house commercial activities other than those described in group 3	10%
5	Buildings other than those described in groups 3 and 4:	5%
6	Expenditure on start-up costs on mineral and petroleum prospecting and exploration	100%
7	Production rights and other expenditure incurred on mineral and petroleum development	40% (initial) 20% (annual)

Capital allowances granted to a person are to be taken in the year granted and cannot be deferred.

G. Investment Allowances

The amount of investment allowance to be deducted from business income is 5% of the cost of the qualifying asset in its year of acquisition. This is known as First Year Allowance.

Deductions not allowed

In general, expenses that are of a capital nature or not wholly, exclusively and necessarily incurred in the production of assessable income are not allowed to be deducted. Examples of expenses that are not allowed as deductions for tax purposes are personal and capital expenditure.

Deductions allowed

Expenses or outgoing incurred by the taxpayer during the year of assessment to the extent that that expenses or outgoing were incurred in the production of assessable income.

Examples of allowable expenses are as follows:

- ◆ capital allowance (see below)
- ◆ specific bad debts

tax losses carry forward for up to ten years

- ◆ repairs and improvements
- ◆ losses incurred on the realization of business or investment assets and liabilities
- ◆ incentive for hiring female managers
- ◆ employment of disabled persons
- ◆ cost of promotion
- ◆ social development and research costs
- ◆ interest and financial costs that meet the thin capitalization rule etc.

Business Investment Relief

A deduction known as business investment relief shall be allowed to a resident individual if he subscribes on his own behalf for qualifying shares in an eligible company either directly or through a business investment relief fund approved by the Commissioner, neither he nor an associate of his is a landlord, employee, partner or loan creditor of the company or any associate of the company; and he together with his associates has less than thirty percent of the voting shares in or rights in a distribution of the assets of the company. (Section 44 Income Tax Act 2000).

Foreign Tax Relief

Foreign tax credits are available to relieve double taxation on overseas income. Credits are calculated separately for each source of business, employment and investment income and may not

exceed the average rate of Sierra Leonean income tax of that person for the year of assessment applied to that person's taxable foreign income

for the year (Section 90 Income Tax Act 2000).

Relief in the case of double taxation may be claimed by parties which has double taxation agreement, or which is provided for by an international body to which Sierra Leone is a signatory

(Section 94 Income Tax Act 2000).

Corporate Groups

Corporate groups, irrespective of their affiliations, prepare accounts separately and are taxed separately. Capital allowance is not transferable. They should be utilized under a separate cover by each group member.

H. Payroll Tax

According to the Payroll Tax Act, 1972, an annual lump sum tax (known as payroll tax) is levied on all foreign nationals working in Sierra Leone. The payroll tax is payable by the employers, on behalf of each foreign national in its workforce and Payroll Tax is not a deductible expenditure.

The amounts payable are as follows:

- ◆ Citizens from ECOWAS – SLL1,500,000
- ◆ Non-ECOWAS Citizens – SLL 5,000,000

(ECOWAS = Economic Community of West African States)

The Payroll Tax Act as amended requires every employer who employs individuals who are not citizens of Sierra Leone to pay a tax not later than 31st January

every year. This tax is payable irrespective of the time during which the employee is employed in Sierra Leone.

Branches

Companies or businesses with branches and outlets outside Freetown are obliged to show separately under the segmentation rules, the activities of each branch or outlet and must maintain copies of such records in the regions or places outside Freetown in which they operate for audit inspection.

The Act does not apply to the following **employers:**

- ◆ The President.
- ◆ Religious or charitable institutions in respect of clergymen & missionaries
- ◆ Diplomatic and consular missions.
- ◆ Employers who have been granted a tax holiday.

The following **individuals** are exempted from the tax:

- ◆ Persons who are exempted from income tax.

- ◆ Persons whose services are provided directly or indirectly under a Technical Assistance Programme between the Government and any other Government.

- Temporary teachers at a university, college, or school.
- Employees of ecclesiastical, charitable, or educational institutions who are not connected with a business carried on by the institution.
- In addition, The Development of Industries Act 1983 (No 6 of 1983) also exempted from Payroll Tax those foreigners hired for training citizens in an industrial establishment and for other foreigners engaged in a Sierra Leone (industrial) enterprise.

Penalty for non-payment

Payment of the sum equal to ten (10) per cent (%) of the amount of the payroll tax payable by the employer shall be added to the amount of the tax remaining due and payable after the 31st day of January in the relevant year irrespective of any further notice issued by the Commissioner to the employer and the provisions of the Act relating to the collection and recovery of the payroll tax shall apply to the collection and recovery of such sum.

It shall be sufficient for the Commissioner as soon as possible each year to give notice in the Gazette or otherwise requiring every employer liable to pay payroll tax under the payroll Act to do so within the time prescribed and to produce to his satisfaction evidence of compliance not later than the fifteenth day of the

month next following or on such other date as the Commissioner may direct.

I. Rent Tax

Rental Income Tax is charged on income generated from rented land, houses, buildings located in Sierra Leone irrespective of the residency status of the Landlord (Finance Act 2020).

The rate is 10% of the rental value of such property after deducting a non-taxable threshold of Le 7,200,000.00 per annum and an optional 10% allowance on the residual value for wear and tear where there is an agreement. Both individual / private residency and institutional tenancies are liable to withhold the 10% tax on the rent payable to the landlord.

The rental tax must be paid over to the National Revenue Authority within thirty days of payment or finalization of the rental agreement, whichever is earlier. A penalty of 25% will be levied for late payment of such tax. A copy of the tenancy agreement must be submitted to the NRA if the rental value is above the taxable threshold.

Rental income taxpayers are obliged to file rental income tax returns within 30 days of payment of such tax. Failure

to file such a return will accrue a penalty of the NRA on owner's occupied premises Le 5,000,000.00. Imputed rental income tax for business purpose. is also payable to

Box 2: Example of Rental Tax Computation

Rental income tax is calculated on the total gross income received by the landlord for the year of assessment by deducting the non-taxable threshold of Le 7,200,000

Thereafter, a further 10% is deducted from the balance.

Finally, the rate is then applied on the remaining balance.

Example Mr. X who owns a house at Murray Town receives a rental income of 4,000,000 per month.

This figure is multiplied by 12 to get the yearly amount.

	Le
Gross Rent	48,000,000.00
Less non- taxable threshold	7,200,000.00
	40,800,000.00
10% Deductible Allowance	4,080,000.00
Taxable Rent	36,720,000.00
Rental Tax (10%)	3,670,000.00

Note: If 10% tax payable based on the computation outlined above is a final tax to the taxpayer who receives rental income tax as a sole source of income. If other incomes are received by the taxpayer from other sources in Sierra Leone, then such income have to be declared and taxed according under the relevant provisions of the Income Tax Act 2000.

If the taxpayer is involved in solely holding and letting business, then the income for all property are aggregated and taxed accordingly using the income tax rules at the marginal rate of 30%. Institutional Tenant should withhold 10% from the payment to the Landlord and pass it on to the National Revenue Authority

J. Capital Gains Tax

Capital Gains Tax (CGT) is a tax on gains realized on the disposal of a chargeable asset which includes but not

limited to business asset, investment asset, land and sea and its attachments in Sierra Leone.

Persons taxable under the laws of Sierra Leone relating to disposing chargeable assets shall be liable to withhold and pay to the National Revenue Authority capital gains tax on the chargeable assets disposed.

Where the person disposing the chargeable assets is non-resident, the buyer shall be liable to withhold and pay capital gains tax on the chargeable assets disposed to the National Revenue Authority within 30 days after the disposal

A person who fails to withhold capital gains tax as required shall be liable to pay the tax together with interest and any other penalty.

Real property means chargeable asset and includes but not limited to agricultural land and whatever lies on and beneath the surface of the land and sea, petroleum products, ore, precious gems, metals and other minerals.

gains tax shall be payable by a chargeable person (vendor) at the rate of 25% of the capital gain accruing to or derived by that chargeable person from the disposal of a chargeable as- set owned by a chargeable person.

Returns should be filed together with the payment within 30 days of disposal of the chargeable asset.

There is a penalty of Le 5,000,000.00

for failing to file Capital Gains Tax returns on the due date. Penalty is due on the amount payable as indicated above as per other income taxes not paid on the due date.

Chargeable disposal” means the sale, realization or change of hands of a chargeable asset including shares and gifts other than those specifically exempt from capital gains tax by law. Chargeable person” means a person, individual, corporation and related organizations including permanent establishment, associates, affiliates and joint

ventures which have made chargeable disposal of a chargeable asset during a year of assessment.

Exemption from capital gains computation

- ◆ Capital gain of a person that is up to and under the minimum chargeable income of Le3,600,000 per annum or per transaction.
- ◆ Capital gain accruing to or derived by a company out of a merger, amalgamation, or re-organization of the company where there is continuity of underlying ownership in the asset of at least one quarter.

- ◆ Capital gain resulting from a transfer

of ownership of the asset by a person to that person's spouse, children, parent, brother or sister;

- ◆ Capital gain resulting from a

transfer of ownership of the asset between former spouses as part of a divorce settlement or a genuine separation agreement.

- ◆ Capital gain where the amount received on realization is, within one year of realization, used to acquire a chargeable asset of the same nature (referred to as “replacement asset”).

Box 3: Example Capital Gains Tax Computation	Le
Consideration (Selling Price)	400,000,000
Total Cost Base	220,000,000

K. Foreign Travel Tax (FTT)

FTT is payable by every person departing from Sierra Leone by ship, aircraft, or other means of transport as per the Foreign Travel (Ticket) Tax Act 1975 as amended by the Finance Act 2017. It shall be paid on or before the date of departure. Foreign Travel Ticket Tax is collected by the person issuing the ticket (whether hardcopy or e-tickets) and is payable not later than 15 days after the end of every month following its issuance.

The following are the rates applicable by class and destination:

Departing to an ECOWAS country:

- Economy: USD 25
- Business: USD 50
- First class: USD 75

Departing to a non-ECOWAS country:

- Economy: USD 55
- Business: USD 170
- First class: USD 250

A penalty of 15% per month is chargeable where a person collects the tax and fails to pay it to the NRA on time. Persistent failure to collect tax by owners of aircraft or ships may lead to the suspension of their operating licenses and action taken for tax evasion which may incur a fine of Le 50,000,000.00 and or 5 years imprisonment.

L. Withholding Taxes

Withholding tax is deducted at source of income or payment for goods and or services that exceeds Le 1,000,000 per transaction. With-holding tax rates vary depending on

whether the recipient of the income is resident or non-resident and the nature or type of payment. Below is a withholding tax table as applicable to various types of transactions / payments.

The income of a professional service provider whether resident or not but with a source of income in Sierra Leone shall be subject to a withholding tax per transaction at the rate of 10% on turnover.
(Continued on next page)

Types of Payment and Rates to be withheld from payments made in Sierra Leone

Type of Payment	Rate (%)		Legislation (as amended)
	Resident	Non-Resident	
Payments to contractors*	5.5	10.5	Section 117 of the Income Tax Act

Winnings of Le 500,000—10 million	10		Section 2 of the Finance Act 2017
Winnings > Le 10 million	20		Section 2 of the Finance Act 2017
Employment Income	0	25	Section 116 of the Income Tax Act
Payments to or applications for benefit(s)	0	25	Section 123 of the Income Tax Act

****Note:** The 0.5% of the 5.5% withholding tax in the table above is a levy for the free healthcare insurance scheme which is an allowable deduction but not an income tax deduction or credit.*

Professional service providers shall upon submitting documents for registration to the Office of Administrator and Registrar-General or seeking to obtain a license, permit, clearance or other authorization for an activity, produce evidence of having paid the withholding tax per transaction to the National Revenue Authority.

M. Related Party Transactions (Transfer Pricing and Thin Capitalization Rules)

In the event where an arrangement exists between associated persons/related parties, the persons shall calculate their income and tax payable according to the arm's length standard.

In determining whether the condition of control transactions is consistent pursuant to Section 95 Income Tax Act 2000 as amended and the quantum of any adjustment made under that section, the standard to be applied shall be that of arms length on an uncontrolled transaction and in accordance with the Transfer Pricing Regulation 2021.

However, there are re-strictions on shareholder loans as follows:

- ◆ The amount allowable in respect of interest expenses deductibility is restricted on loans from a shareholder or his associate to the extent of interest on one half (50%) the excess of that loan over the shareholder's paid up share capital. Any excess of this will be disallowed and recharacterised as dividend

and taxed at the rate of 10% (Deemed Dividend Rule- Section 85 Income Tax Act 2000 as amended).

- In the case of mining companies, the amount allowable in respect of interest expenses is restricted on loans from a shareholder or his associate on total borrowing of the paying company to three times its paid-up share capital. Interest on the excess of the loan in this regard is disallowed as a deduction against taxable profit. Any amount disallowed shall be treated as a deemed dividend.

Under section 95 of the Income Tax Act 2000 as amended by the Finance Act 2021, the Commissioner-General has the power to recharacterise debt financing as equity financing if needed to properly calculate income and tax payable in line with the arm's length principle.

2.2 TAXES ON TRANSACTIONS

A. Domestic Excise Tax

Domestic Excise Tax is currently administered on locally produced alcoholic beverages and energy drinks. The rate of taxes applicable to alcoholic beverages ranges from 5% - 30% based on specified rules. (Finance Act 2016 and Finance Act 2022).

Payment and returns filing are due on or before the 21st day of the month following the tax period in which the sales was made. There are penalties and enforcement provisions for non-compliance on filing and payment of domestic excise taxes.

There also exists import excise at the rate of 30% on the CIF value of imported cigarettes and related products. Alcohol also has a specific excise duty rate of \$1.5 per litre on alcoholic contents of up to 10%; and \$2 per litre on alcoholic content of more than 10%.

Excise tax also applies to importation and domestic production of energy drinks at a rate of 20%.

Note that Excise Tax also applies to the importation of few other commodities such as water, laundry soap, cooking oil, margarine etc. (see Finance Act 2018, 2019, 2020, 2021 and 2022).

B. Goods and Services Tax (GST)

Sierra Leone's Goods and Services Tax (GST) is a modern form of sales tax—a tax on the domestic consumption of imported and locally-produced

goods and/or services, paid as a percentage of their value at the time they are imported, sold, exchanged, or delivered.

GST is applied at a single rate of fifteen per cent (15%) on many goods and services (including imports) supplied in Sierra Leone for local use or benefit.

GST is collected from consumers only by registered businesses when they make supplies of those goods and services that are not specified in the GST Act 2009 as exempt supply. Examples of exempt supply include rice, fuel among others.

Total input GST paid by registered GST traders is deducted from the total output GST received by them from their customers. The net difference is paid over to the authority at the end of the month following the transaction. A credit will be claimed if input GST exceeds output GST. This is subject to audit verification

before credits are paid or utilized by registered GST traders. In practice, it is rare for businesses to constantly claim GST credit except for export businesses and for businesses in perpetual loss situation which may not be sustainable.

GST Act 2009 classified four categories of goods and services collectively known as 'supplies.' These are:

- ◆ Standard-rated supplies – 15%
- ◆ Zero-rated supplies – GST charged at the rate of 0%. Input GST can be claimed. Example exports.
- ◆ Exempt supplies – Not part of GST chargeable supply. No input GST claim.
- ◆ Supplies outside the scope of GST. Eg sale of business as a going concern, mergers, and acquisitions.

Taxpayers must be registered for GST if their turnover exceeds Le 350,000,000 per annum and they are dealing in chargeable supply. Goods and / or services that are not in the second schedule (exempt supply schedule) as indicated below must register for GST as long as the turnover threshold is attained.

GST Refund Process

Persons and organizations listed under the Third Schedule of the Goods and Services Act 2009 or by way of an agreement ratified by parliament relieved from paying GST will be required to pay GST on Goods and Services and request for refunds to be paid within 90 Days after submission of refund claim and show evidence of payment of GST

on particular goods and services.

Electronic Cash Register (ECR)

As at 2021, transactions of GST registered businesses are required to be made through an Electronic Cash Register (ECR).

Rules, requirements, and responsibilities for the administration of the scheme as well as the offences for defaulters are outlined in the Electronic Cash Register Regulation 2021.

Box 4: Example of how Goods and Services Tax is charged on Value Added

(Value Added = V Purchases = P and Sales = S)

If P=300,000 S = 500,000 and tax = 15%.

Then the alternative approaches are:

Theoretical Calculation

Tax on value added = (500,000 – 300,000)

= 200,000 X 15% tax

= 30,000

Calculation of GST in Practice

Value Added Tax = (500,000 X 15%) – (300,000 X 15%)

= 75,000 – 45,000

= 30,000

Box 5: Example of how GST is computed using Inclusive and Exclusive Value

Inclusive Value: This is the value of a good or service after the applicable GST is added. To calculate the GST, we use the fraction method

the rate of GST i.e. 15 or 3
100 + the rate of GST 115 23

Example.

ABC Ltd, a GST registered business sold a laptop computer to XYZ Ltd. for a total amount of Le5,000,000 including GST.

Calculation for this GST transaction

GST = 5,000,000* 3/23

Exclusive Value: This is the value of a good or service before any applicable GST is added. To calculate the GST, we use the GST standard rate of 15%.

Using the same example, the exclusive value is

$$5,000,000 - 652,174 = 4,347,826$$

$$\text{Therefore GST} = 4,347,826 * 15\%$$

Box 6: Illustration of how GST is charged at all stages

Import of Milk	Price/Value Added	Output Tax	Input Tax	Tax paid to Govt.
Importer				
Imported milk	4,000		600	600
Value added	200			
Price to retailer	4,200	630		3
Retailer				
Value added	200			
Price to customers	4,400	660	630	30
Consumer price (incl. GST)	5,060			
Total Tax Revenue				660

GST is charged at the rate of 15%

There is a total revenue of Le660 to GoSL and the consumer price of Le5,060

2.4 REGISTERING A NEW BUSINESS

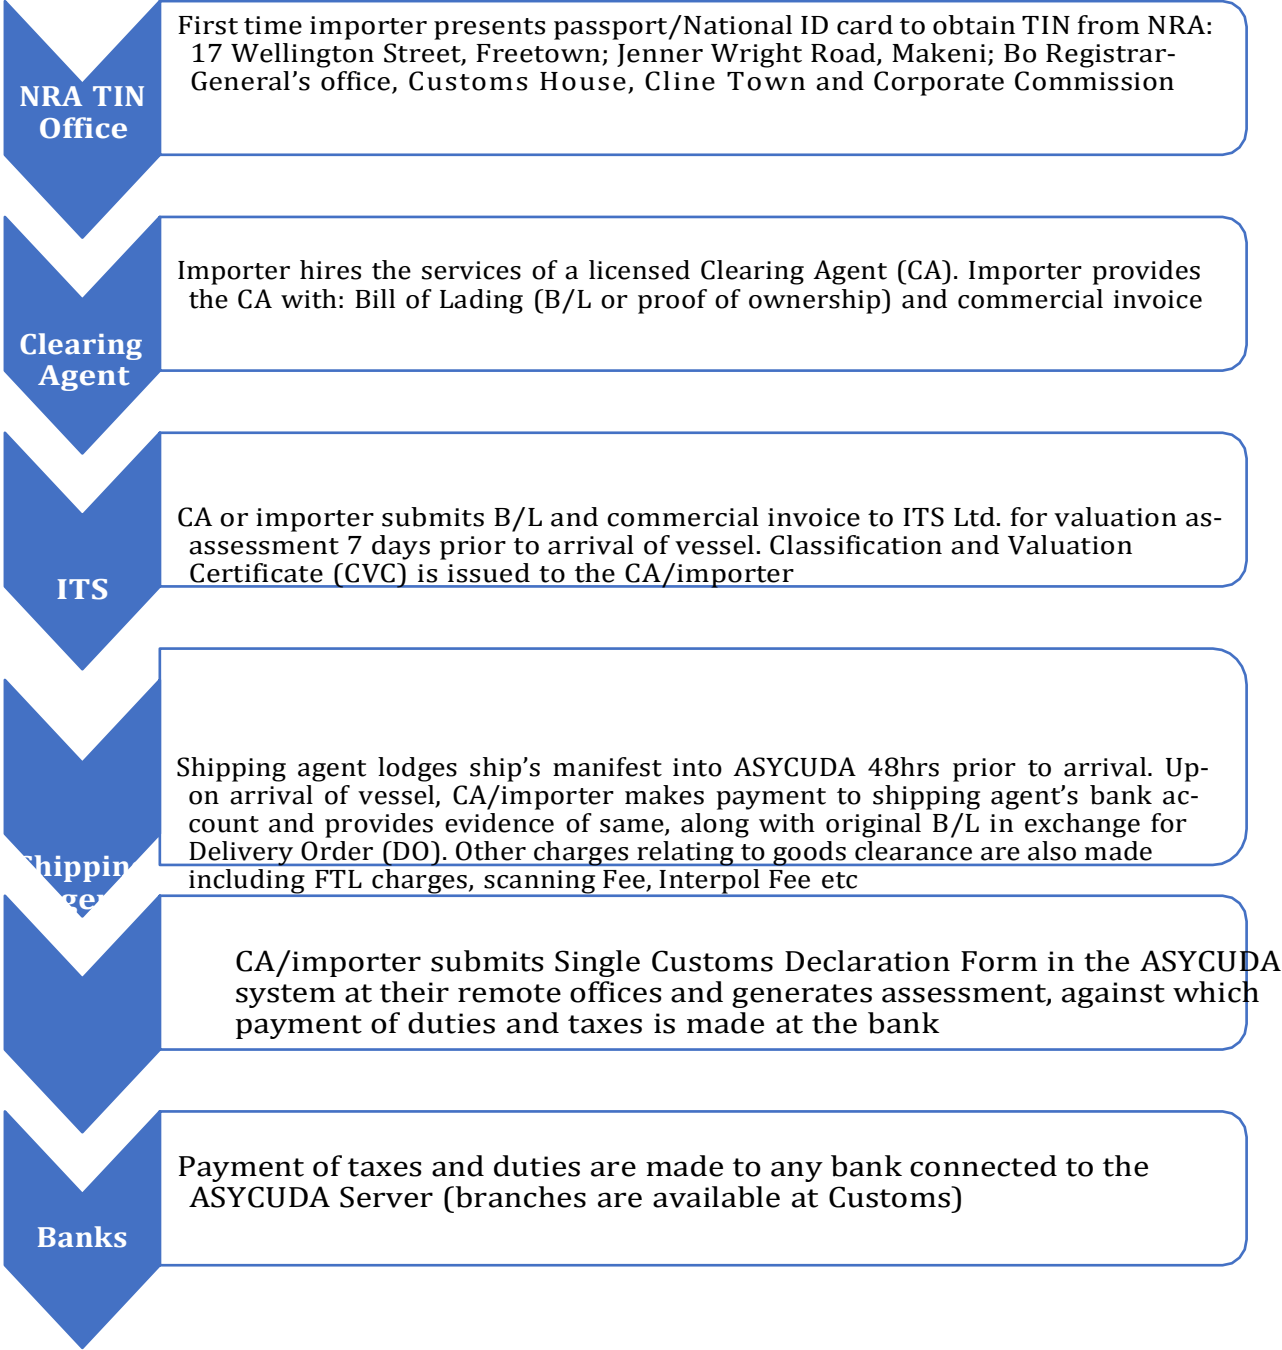

There is a one stop shop facility for new business registration at the Office of the Administrator and Registrar General (OARG) at Walpole Street, Central Freetown – where registration is done for sole proprietorship and partnership businesses and at Corporate Affairs Commission (CAC) Syke Street where registration is conducted for companies and corporation. At the registration centre, a Taxpayer Identification Number (TIN) is issued to a new taxpayer which uniquely identifies the taxpayer with the authority at no financial cost. The taxpayer needs to produce business registration certificate and a form of identification (National Identification Number from

NCRA for individuals and partnerships; and form of identification for two Directors and a certificate of incorporation and Memorandum and Articles of Association for companies). In addition, there is general requirement of proof of address in order to be able to register a new business and also register for various tax-types which now provides the platform in establishing a relationship with the National Revenue Authority.

3.3 GOODS AND SERVICES TAX (GST) ON IMPORTS

A. Description

This tax replaced the previous import sales tax collected by Customs on behalf of the Domestic Taxes Department.

Note: All goods, unless specified in the Second Schedule of the GST Act, 2009 and Section 28 of the Finance Act, 2017 are liable to payment of GST at 15% ad-valorem rate.

B. Estimation of GST & Excise Duties

The basis of value for the calculation

of excise duty and GST are as follows:

Excise Duty (Specific) =

(Specific Tax Rate X Goods quantity)

Excise Duty (Ad-Valorem) =

Tax rate (CIF + Import duty)

GST (Goods not excisable) =

(CIF + Import duty) x 15%

GST (Goods excisable) =

(CIF + Imp. Duty+ Excise tax) x 15%

C. Applicable Rates of Excise Duties

Product	Rate	Note
Imported Alcohol ($\geq 10\%$) apv;	US\$0.02 per cl or US\$2.0 per litre	Raw material sourced from abroad
Imported Alcohol ($< 10\%$) apv	US\$0.015 per cl or US\$1.50 per litre	Raw material sourced from abroad
Tobacco products (cigarettes and cigars)	30%	
Energy Drinks	20%	
Imported Fruit Juices and Vegetable Juices	20%	
Imported Extra Neutral Alcohol of at least 96%	US\$0.04cl or \$4.0per litre	

Petroleum products	Based on formula provided by PRA	Excise rate varies from time to time, depending on changes in landed cost and exchange rate
Luxury Vehicles	20%	Applicable to only luxury vehicles with value \geq \$50,000.00

Box 7: HYPOTHETICAL CASES OF COMPUTATION OF CUSTOMS DUTIES AND TAXES

A. Where Import Excise is a Specific Rate:

Assume that a container of alcoholic beverage having 1,500 cartons of (24 cans x 330mls x 5% pva) arrives at the frontier awaiting clearance. The invoice price reveals cost, insurance, and freight to be \$15,000, 1% and \$2,200 respectively. If the prevailing rate of exchange is (\$1 = Le10,600), the related taxes shall be estimated as follows:

Firstly, the taxes involved shall be: Import duty; Import Excise; Import GST, ECOWAS Levy and Withholding Income Tax.

a) **Import Duty (ID)** = (CIF) x 20%.
 But CIF = FOB (\$15,000) + Insurance (15,000 x 1%) + Freight (\$2,200)
 = \$(15,000 + 150 + 2,200) = \$17,350
 Therefore: ID = \$17,350 X 20% = \$3,470
 ID = \$3,470 X 10,600 = **Le36,782,000.**

b) **Import Excise (IE)** = (Tax rate x Goods quantity): (in the case of Specific Rate).

Note:

- i. 5% pva attracts \$1.5/Liter (rate)
- ii. 1 carton beer = (330ml x 24)/1000 = 7.92Ltr/carton
- iii. Quantity (in Ltr) = (7.92 x 1,500 cartons) = 11,880 Ltrs
 IE = \$1.5 X 11,880 = \$17,820
 IE = 17,820 X 10,600 = Le188,892,000

c) **Imp. GST** = (CIF + ID + IE) X 15%
 = (183,910,000 + 36,782,000 + 188,892,000) X 15% = Le61,437,600

d) **ECOWAS Levy** = CIF X 0.5% = 183,910,000 X 0.5% = Le919,550
WIT = CIF X 5% = 183,910,000 X 5% = Le9,195,500

B. Where Import Excise is Ad-valorem:

Assume that a container of onions having 1,160 bags arrives at the frontier awaiting clearance. The invoice price reveals cost, insurance, and freight to be \$10,000, 1% and \$3,000 respectively. If the prevailing rate of exchange is (\$1 = Le10,600), the related taxes are estimated as follows:

Firstly, the taxes involved are: Import duty; Import Excise, Import GST, ECOWAS Levy and Withholding Income Tax.

a) **Import Duty (ID)** = (CIF) x 20% ;

$$\begin{aligned} \text{But CIF} &= \text{FOB}(\$10,000) + \text{Insurance}(10,000 \times 1\%) + \text{Freight}(\$3,000) \\ &= \$10,000 + 100 + 3,000 = \$13,100 \end{aligned}$$

$$\text{Therefore: ID} = \$13,100 \times 20\% = \$2,620.00$$

$$\text{ID} = \$2,620 \times 10,600 = \mathbf{Le27,772,000.00}$$

b) **Imp. Excise** = (CIF+ID) X 30%

$$\begin{aligned} &= (138,860,000 + 27,772,000) \times 30\% \\ &= \mathbf{Le 49,989,600} \end{aligned}$$

c) **ECOWAS Levy** = CIF X 0.5%

$$\begin{aligned} &= 138,860,000 \times 0.5\% \\ &= \mathbf{Le694,300} \end{aligned}$$

d) **WIT** = CIF X 5% = 138,860,000 X 5% = **Le6,943,000**

e) **Imp. GST** = (CIF+ID+IE) X 15%

$$\begin{aligned} &= (138,860,000 + 27,772,000 + 49,989,600) \times 15\% \\ &= \mathbf{Le 32,493,240} \end{aligned}$$

C. A Case Involving the ECOWAS Trade Liberalization Scheme (ETLS)

Imagine soft drinks having Cost, Insurance and freight (CIF) value

being \$12,000, \$120, and \$3,000 respectively. The related tax rates are import duty (30%), GST (15%), WIT (5%) and ECOWAS Levy (0.5%). The duty estimates are as follows:

Note: Since consignment is assumed to have come from a member country, the goods will not attract import duty and ECOWAS Levy.

a) **Imp. GST** = (CIF+ID) X 15%

$$\begin{aligned} &= (160,272,000 + 0) \times 15\% \\ &= \mathbf{Le24,040,800} \end{aligned}$$

b) **WIT** = CIF X 5% = 160,272,000 X 5% = **Le8,013,600**

3.4 OTHER IMPORT-RELATED FEES/LEVIES

No.	Category	Fee/Levy/charge
1	ECOWAS Levy	0.5% of CIF
2	Transit Fee	2.5% of FOB
3	Withholding Income Tax (WIT)	5% of CIF
4	Insurance	1% of FOB
5	ASYCUDA Processing Fee	Le100,000 per declaration

3.5 EXPORT DUTY

Export duty for most products is zero rated, except diamonds, which attract 3% duty on FOB.

3.6 STAMP AND TRANSFER DUTY

Stamp duties are levied on a wide range of instruments and documents at rates that vary from 1% to 12.5%. These include agreements, bills of

exchange and promissory notes, bills of lading, bonds, leases and power of attorney letters.

3.7 ECOWAS TRADE LIBERALISATION SCHEME (ETLS)

This is a regional agreement which allows free movement of goods within ECOWAS member States at zero rate duty for originating goods.

The Scheme covers three groups of products, namely:

Unprocessed goods - these include fish, plants or minerals which have not undergone industrial transformation, and are therefore exempt from import duty and ECOWAS Levy.

***Traditional handicraft
product - exempt from duty and
ECOWAS Levy***

and taxes

Industrial products - reduce
Customs duties and taxes gradually

over 10 years period , starting 1 Jan
1990, until totally eliminated.

To qualify and benefit:

- ⇒ products must originate from Member States;
- ⇒ products must be approved by ECOWAS;
- ⇒ Enterprise producing product must be registered in ECOWAS;
- ⇒ products must be accompanied by a certificate of origin;
- ⇒ products must be accompanied by

ECOWAS export declaration.

- ⇒ As of March 2021, processing, approval and clearance of goods through ETLS is now done electronically through the customs Electronic Single Window (ESW)

3.8 ECOWAS COMMON EXTERNAL TARIFF (CET)

Good Category	Import Duties (%)
Essential social goods	0
Goods of primary necessity, raw materials, and specific inputs	5
Intermediate goods	10
Food Product (Onion)	15
Final Consumption goods	20
Economic goods	35

3.9 TREATMENT OF IMPORTED OR EXPORTED GOODS

The current arrangement offers a range of procedures under which imported or exported goods may be admitted for processing prior to their release into circulation or for exportation:

- i. **Direct Permanent import** – refers to a customs procedure where imported goods arriving at the Port are allowed into free circulation in Sierra Leone with duties and taxes paid. The related declaration can be done using Form (IM4)
- ii. **Direct Permanent Export** – means the customs procedure applicable to goods which, being in free circulation in Sierra Leone, leave the territory of Sierra Leone and are intended to remain permanently outside Sierra Leone. The related declaration can be done using Form

(EX1)

iii. **Temporary Admission** - means the customs procedure under which imported goods can be brought into the territory of Sierra Leone to be re-exported after a specified period of time conditionally relieved from payment of import duties and taxes. There would normally be no change in the physical state of the goods, except normal depreciation. The related declaration can be done using Form (IM5)

iv. **Re-export** - means the customs procedure under which imported goods brought into the territory of Sierra Leone are exported in an altered or unaltered state to another country. The related declaration can be done using Form (EX3).

v. **Re-importation** - means the customs procedure under which goods which were exported from Sierra Leone and were in free circulation may be taken into home use free of import duties and taxes. The related declaration can be done using Form (IM6).

vi. **Transshipment** - means the customs procedure under which imported goods are transferred under customs control from the importing means of transport to the exporting means of transport within the area of one customs

office which is the office of both importation and exportation. The related declaration can be done using Form (IM8 - 8100).

vii. **Transit** - means the customs procedure under which imported goods are transferred from one customs office to another or from one customs territory to another by road under Customs control. The related declaration can be done using Form (IM8 - 8000).

viii. **Warehousing** - means the customs procedure under which imported goods deposited into a bonded warehouse are temporarily relieved of customs duties and taxes, prior to its release into free circulation. The related declaration can be done using Form (IM7).

ix. **Import Processing Relief** - Section 47(1) permits granting of relief from the payment of customs duties imposed under the Tariff Act, that, but for this section, would be payable in respect of imported goods used in, wrought into, or attached to specified goods processed in Sierra Leone and subsequently exported, or otherwise as provided for in law.

4. NON - TAX REVENUE

4.1 ROYALTIES

Royalty is a payment to government for ongoing use of its asset or property and this is largely applicable to natural resources (such as minerals, oil and gas, forestry and fisheries) as owned by government. Hence royalty charges are paid to government through the NRA for extraction of these resources.
